Description and Structure of the College

The College of Physicians and Surgeons of Manitoba is the regulatory authority for medicine in the Province of Manitoba. It is governed by Council, consisting of physicians elected by jurisdictions in the province, a representative from the Associate Member register (clinical assistant, physician assistant or educational register), two representatives from the University of Manitoba Faculty of Medicine, and four public representatives, two appointed by the Government of Manitoba and two elected by the Council.

The Council's global governance commitment states that "the purpose of the Council on behalf of the people of Manitoba is to ensure that The College of Physicians and Surgeons of Manitoba determines and achieves appropriate ends in a prudent and ethical manner". Council has established a policy which states that the Council will govern with an emphasis on strategic leadership, including commitment to obtaining public and membership input, encouragement, delivery and viewpoints, and a clear distinction between Council and staff roles.

The Council has directed that a policy governance model be followed in Manitoba. Council policy states that the "moral owners" of The College of Physicians and Surgeons of Manitoba are defined as the people of Manitoba. The Council shall be accountable for the organization to its owners as a whole. The Council shall act on behalf of the owners as a whole, rather than being advocates for specific geographic areas or interest groups. The Council exercises the authority granted by legislation to self-govern the medical profession in the best interests of the public. The Council recognizes that in order to exercise this authority on behalf of the profession, it must retain a special relationship with members.

The Council has the following legislated committees:

1. **Executive Committee:** This committee acts in accordance with the authority granted in Section 35 of *The Medical Act* and in particular makes decisions on matters delegated to Executive Committee in the By-Laws of the College.
2. **Standards Committee:** This committee is responsible for the supervision of the practice of medicine by members of the College. It's role is primarily educational.

Description and Structure of the College (cont'd)

3. **Program Review Committee:** This committee may investigate and inspect on behalf of the Council all diagnostic and treatment facilities in which services are performed by members in Manitoba other than those which are under the jurisdiction of provincial or municipal governments and those facilities that are appointed hospitals under *The Manitoba Hospitals Act*.
4. **Complaints Committee:** This committee is responsible for reviewing complaints or other matters referred to it and shall attempt to resolve the complaint informally if the committee considers informal resolution to be appropriate. On resolving a complaint or other matter, the Complaints Committee may provide advice to the member about the practice of medicine. Where a matter is not suitable for informal resolution, the Complaints Committee refers it to the Investigation Committee for further review.
5. **Investigation Committee:** This committee, when it receives a referral from the Complaints Committee, the Registrar or the Executive Committee, or an appeal by a complainant from a decision of the Complaints Committee, may direct that an investigation of the matter referred be held and appoint a person to conduct the investigation. After a review or an investigation, the Investigation Committee may do one or more of the following:
 - (a) direct that the matter be referred, in whole or in part, to the Inquiry Committee;
 - (b) direct that no further action be taken;
 - (c) censure the member if:
 - (i) a member of the committee has met with the member and the member has agreed to accept the censure, and;
 - (ii) the committee has determined that no action is to be taken against the member other than the censure;
 - (d) enter into an agreement with the member or accept an undertaking from the member that provides for one or more of the following:

Description and Structure of the College Cont'd

- (i) assessing the member's capacity or fitness to practice medicine;
- (ii) counselling or treatment of the member;
- (iii) monitoring or supervision of the member's practice of medicine;
- (iv) the member's completion of a specified course of studies by way of remedial training;
- (v) placing restrictions or conditions on the member's licence;
- (e) accepting the voluntary surrender of the member's licence;
- (f) taking any other action that it considers appropriate in the circumstances and that is not inconsistent with or contrary to *The Medical Act* or the by-laws.

6. **Inquiry Committee:** This committee consists of a Councillor, who is the Chair, and other members of the College, former members of the College, public representatives or other persons appointed from time to time. At least one-third of the persons appointed to the Inquiry Committee must be public representatives. On referral of a matter to the Inquiry Committee, the Chair selects a panel from among the members of the Inquiry Committee to hold a hearing. The panel should be composed of at least three members, at least one of whom is a public representative.

7. **Appeal Committee:** This committee has the authority to hear and determine appeals from decisions of the Investigation Committee in accordance with *The Medical Act*. It may make any decision that in its opinion ought to have been made by the Investigation Committee, and may quash, vary or confirm the decision of the Investigation Committee or it may refer the matter back to the Investigation Committee for further consideration in accordance with any direction that the Appeal Committee may make. The President of Council selects individuals from Council for each individual appeal. Each Appeal Committee consists of three members, one of whom is a public representative.

Description and Structure of the College (cont'd)

Other Committees of the Council:

Audit Committee:

The Audit Committee provides an opinion for the Council, based on evidence required of the external auditor, as to whether the independent audit of the organization was performed in an appropriate manner. It provides an opinion to Council quarterly as to Registrar compliance with criteria specified in executive limitations policies on finance. It provides a self-monitoring report on the appropriateness of the Council's own spending, based on criteria in the Council governance process policy on Council expenses, including periodic random audit of the Council members' expenses. It provides an annual report to Council highlighting the committee's review of the audited financial statements and any other significant information arising from discussions with the external auditor.

Nominating Committee:

This committee provides a slate of two nominees for the post of President-Elect by no later than March 31 in each year. It also provides, at least fourteen days before the Annual Meeting of the Council, a list of nominees for officers of the College, members of Council committees, chairs of Council committees, and the Councillor appointed as the Investigation Chair.

Auditor Committee:

This committee advises the College on best practices for conducting office audits. At the request of the Standards Committee or sub-committees or Investigation Committee, it will conduct audits of physicians' records in compliance with standard audit processes, for the purpose of assessing the quality of medical practice or assessing other issues as identified in the request for audit, and report in writing the findings, recommendations and opinions of the auditors to the committee or subcommittee that requested the audit.

Officers of the College 2013-2014

President	President-Elect	Past President	Treasurer	Registrar
Dan Lindsay, MD	Brent Kvern, MD	Bruce Kowaluk, MD	Alewyn Vorster, MD	William Pope, MD

Meetings Report

During the period 1 May 2013 to 30 April 2014, the following meetings were held

- 4 Council: 5 June, 13 September, 13 December 2013; 14 March 2014
- 4 Executive Committee: 5 June, 25 September, 13 December 2013, 7 February 2014
- 6 Appeal Committee: 24 May, 23 September, 12 November 2013, 8 January, 2 May, 26 May, 2014
- 8 Complaints Committee 4 June, 27 August, 30 September, 12 November, 10 December 2013; 20 January, 4 March, 8 April 2014
- 4 Audit Committee: 24 May, 27 August, 12 November, 2013, 04 March 2014
- 2 Inquiry Panel: 30 May 2013, 9 April 2014
- 5 Investigation Committee: 29 May, 11 September, 4 December 2013; 19 February, 23 April 2014
- 4 Program Review Committee: 27 May, 9 September, 2 December 2013; 24 February 2014
- 5 Standards Committee: 24 May, 4 October, 29 November, 2013, 21 February, 25 April 2014

In addition: 4 meetings of Child Health Standards Committee
2 meeting of Maternal & Perinatal Health Standards Committee
7 meetings of Area Standards Committees
4 meeting of Physician Practice Enhancement Committee

42 meetings
17 meetings of subcommittees, and
0 non-hospital reviews

Complaints Committee Report

The Complaints Committee Panels met 8 times over the period May 1, 2013 to April 30, 2014. A total of 158 new formal complaints were reviewed from the following sources:

Patient/legal representative	150
Registrar (College) - includes those referred directly to IC	6
Other	2

The Complaints Committee closed 183 cases during the period May 1, 2013 to April 30, 2014 with the following dispositions:

Comments/No Further Action	91
Resolved by Correspondence by Medical Consultant	23
Complaint Referred to Investigation Committee (includes Registrar referrals to IC)	18
Complaint Referred to Standards Committee	1
Advice/Criticism	41
Abeyanced	0
Withdrawn cases	9

As in previous years, communication was a contributing factor in a significant number of complaints received. The Complaints Committee classified the closed complaints as follows [some cases have more than one classification]:

Breach of Trust/Behaviour	1
Breach of Trust/Sexual Impropriety	0
Communication	62
Diagnosis/Treatment	123
Advertising	0
Record Keeping	1

Of the 158 new complaints received during the period May 1, 2013 to April 30, 2014, the following list shows the number of complaints by geographical location of the physician:

Urban General Practitioner (Winnipeg/Brandon)	56 (36%)
Urban Non-Specialist	3 (1.5%)
Urban - Specialist (Winnipeg/Brandon)	60 (38%)
Rural General Practitioner	30 (19%)
Rural Non-Specialist	1 (.5%)
Rural Specialist	7 (4.5%)
Resident	1 (.5%)

Investigation Committee Report

The Investigation Committee met 5 times over the period May 1, 2013 to April 30, 2014 and received a total of 83 new cases during that period, from the following sources:

Complaints Committee	18 (22%)
Registrar	24 (29%)
Appeals of Complaints Committee Decision	41 (49%)

The Investigation Committee closed 68 cases during the period May 1, 2013 to April 30, 2014 with the following dispositions: (note: one case had more than one outcome):

1. Closed - No Formal Action:	
• with Letter of Criticism/Advice	23
• no further action and/or concur with Complaints Committee	29
2. Undertakings	8
Self-Directed Learning	5
Practice Limitations	3
Other	0
Retire	0
3. Censure	3
4. Referred to Inquiry	3
5. Referred to Standards	1
6. Withdrawn	2
7. Abeyanced	0

Inquiry Committee Report

- There was 1 Inquiry completed between May 1, 2013 and April 30, 2014.

STATISTICAL SUMMARY

A. Inquiries completed during this fiscal year	1
B. Matters pending before the Inquiry Committee	2

Appeal Committee Report

- There were 13 appeals of Investigation Committee decisions to the Appeal Committee.

Disposition of cases reviewed by Appeal Committee:

Confirmed Investigation Committee Decision	8
Varied Decision of Investigation Committee	0
Referred back to Investigation Committee	0
Referred to Standards Committee	0
5 appeals open as of April 30, 2014	

Measuring the Competency of Members

The College of Physicians and Surgeons of Manitoba utilizes a number of tools to review members' continuing competency. The most important of these is chart audits. Chart audits arise from a number of avenues:

- As part of the Qualifications process, new physicians on the conditional register undergo a chart audit at approximately 6 months of practice.
- The Standards Committee may direct an audit because the committee is reviewing a physician's practice.
 - Referral to Standards may come from the Investigation Committee, the Registrar, or the Executive Committee/Council.
- The Investigation Committee may order a chart audit as part of its review of a physician.
- Physicians over the age of 75 years have routine chart audits every 5 years.
- Chart audits are a significant component of accreditation surveys for non-hospital medical/surgical facilities which occur when the facilities open and every 5 years thereafter.
- The Child Health Standards Committee reviews the deaths of all patients between the ages of 29 days and 18 years.*
- The Maternal and Perinatal Health Standards Committee reviews many physician charts on a per case basis as they review maternal and perinatal morbidity and mortality.**

*The Government of Manitoba provides funding for the operation of the subcommittee on Child Health standards. Its purpose is to maintain and improve the quality of medical practice as related to child health through peer review and analysis and through education rather than discipline. It functions as a public advocacy committee when appropriate.

**The Government of Manitoba provides funding for the operation of the subcommittee on Maternal and Perinatal Health standards. Its purpose is to maintain and improve the quality of medical practice as related to maternal and perinatal health through peer review and analysis. Through education rather than discipline. It also functions as a public advocacy committee when appropriate.

Education and peer review are the two key components that assist continuing physician competence. In addition to the above educational audits, there are several other processes which act to ensure physician quality of care.

Measuring the Competency of Members Cont'd

The College newsletter outlines important new issues, especially related to the ethical practice of medicine.

- All physicians participate in Continuing Professional Development. All specialists must participate in the Maintenance of Certification Program of the Royal College of Physician & Surgeons of Canada. All family physicians must participate in the MainPro program of The College of Family Physicians of Canada.
- The Registrars provide many hours of educational sessions each year to the Faculty of Medicine at the University of Manitoba related to professional and ethical issues.
- Issues related to prescribing are reviewed with individual physicians. These may arise from complaints, Standards matters, calls to the Registrar from the Manitoba Pharmaceutical Association or comments from other physicians.
- Each hospital or Regional Health Authority has a Clinical Privileges Panel which reviews physicians' competencies in hospitals over the course of the year. When concerns are raised, they may refer these physicians to the College for further consideration.
- Physician members are legally and ethically required to report colleagues who may be at risk to the public to the Registrar. These individuals are then reviewed and appropriate educational action is taken.
- The College has introduced a mandatory review program called MPAR [Manitoba Physician Achievement Review]. MPAR is a multi-source performance assessment and feedback program that provides physicians with a view of their medical practice. Every 7 years, doctors ask patients, medical colleagues and co-workers to complete a survey about their performance. Survey topics range from medical expertise and management ability to communication skills and success in relating to those with whom they work and those whom they serve. Feedback is presented to physicians in a confidential report that contains individualized data and comparisons to the average scores of physicians with a similar practice. This report helps doctors to build on their strengths and to identify opportunities for improvement.

Applications for Registration Received & Their Disposition

Number of applications received : 489

Number registered: 381

234 on the Educational Register; 99 on the MB Medical Register (of which 18 were conditional); 16 Clinical Assistants, 14 Physician Assistants

Did meet the requirements, not yet registered: 15

Did not meet the requirements: 11

Unknown at time of report whether or not met the requirements: 82

Physician Resource Statistics

(B) CERTIFICATES OF REGISTRATION ISSUED

During the period 1 May 2013 to 30 April 2014, 199 persons were issued registration and a full licence to practise. In total there were 216 certificates issued of which 14 were for a resident licence. Three physicians did not practise here.

EDUCATIONAL REGISTER

Postgraduate physicians in training programs are now referred to as residents. They may be pre-registration (Educational Register) or they may have met the registration requirements and are eligible for an independent licence. This latter category of residents may opt to practise only within their residency program (resident licence) or may obtain a full licence.

	2014	%
Medical Students	431	
Physician Assistant Students	24	
Postgraduate trainees	494	
Total on Educational Register	949	91.5
On Resident Licence	27	2.6
Full Licence	61	5.9
TOTAL	1037	100.0

DISTRIBUTION OF PRACTITIONERS
